ESG-D-018

30 January 1975

NOTE TO: General Wilson

SUBJECT: FOCUS Procedures

 Attached is a one page note on FOCUS procedures. I thought we might use it or something like it at our meeting next Wednesday as the discussion starts regarding Agenda item 3. By then, we will have some better guidance from Mr. Colby, assuming that letter goes to him this weekend or early next week. The way the letter is to be transmitted to the Ambassador also should be clear. THE MEETING WITH SISCO IS NOW SCHEDULED FOR TODAY -- THURSDAY; Thro will inform us re the results. We can modify the attached procedures paper as necessary.

2. On Wednesday, from the Secretariat talked with [NIO/Japan-Pacific regarding the FOCUS Project and its relationship with the State foreign service inspections. certainly will want to schedule our FOCUS assessments with the foreign service inspection in mind. Also, we should send the assessment reports to the State Foreign Service Inspector General. | also suggests that a more palatible way of getting the assessment report to the field would be to send it via the State country desk officer to the DCM. I have offered this possibility in my paragraph 5. You should know that and Carver are talking with the Deputy State IG on Monday, 3 February.
